

How You Separate Fact from Fiction Is Entirely Up to You.

Fish stories. You've heard them. Maybe you've even shared them. The 30-lb. Bass that got away. The Walleye as big as a whale.

We take these stories with a grain of salt because unlike big talk, seeing is believing. Much like Auto Crane® service cranes, crane bodies, mechanics trucks and certified parts—where quality, dependability and extra-long life are put to the test every day with results our end users can see with their own eyes.

Fact is our dealers and customers know that nothing surpasses the original Auto Crane® for exceptional performance year after year—because they see it for themselves. What's more, despite the ups and downs of the economy, we are financially strong and the undeniable market leader with products that offer the lowest cost of ownership and the highest resale value.

So roll your eyes to the fish stories and let reality guide the most practical decision you'll ever make. Not to mention one heckuva catch.

Depend on Auto Crane.
